M-53

INTRODUCING THE NEW PROJEKT BOATWORKS M-53

A true alloy yacht with lightweight carbon fibre components that enhance performance without sacrificing integrity.

The team at Projekt Boatworks is very excited to announce their latest new design, the Projekt M-53. This exciting new Bakewell-White monohull design boasts a fiercely robust aluminum hull, deck, and cabin. Resin-infused carbon fibre is used to produce the strong but lightweight hardtop, mezzanine cabinet, and leaning post. The specialized composite components reduce the overall weight without compromising the strength and integrity of a well-engineered aluminum yacht. The hull, deck, and superstructure receive Awlgrip's epoxy fairing/primer system and Awlcraft SE/HDT (base clear) top coatings, which guarantees a perfect finish on all surfaces. Engineered sound solutions are applied throughout; these products and techniques ensure that the sound level and thermal barrier exceed the needs onboard and keep things quiet and cool.

PROJEKT M-53 FEATURES

- » Luxury sportfishing center console
- » Double stepped planeing monohull
- » Powered with quad Mercury Verado 600
- » Marine aluminum construction
- » Constructed to ABYC yacht standards
- » 63 mph top speed
- » 50 mph cruise speed
- » 400 mile range @ 40 mph cruise
- » Low sound levels
- » Rear mezzanine features social and fishing amenities
- » Large fishing cockpit
- » Two forward lounging areas including table
- » Excellent sight lines from helm
- » Spacious salon with yacht finished interior
- » Head with separate shower
- » Yacht interior finishing
- » Teak plank flooring (interior)
- » FlexiTeek G2 exterior decking
- » Engine flush system
- » SeaKeeper 9
- » Humphree active trim system
- » Mercury Joy Stick piloting
- » 8" bow thruster
- » Rear Control Console
- » Impressive JL audio stereo system
- » Full Garmin Navigation Electronics
- » (3) Live Wells (170 gallons)
- » Hooker Electric live well system
- » (4) Large refrigerated fish boxes
- » Frigibar Polar Cap ice machine
- » Spectra Newport 700C water maker
- » 6' 6" cabin headroom
- » 6' 10" hardtop headroom

PROJEKT M-53 SPECIFICATIONS

LENGTH OVERALL	56' 6"
LENGTH BOW to TRANSOM	53' 4"
LENGTH @ WATERLINE	46' 0"
BEAM – MAXIMUM.....	15' 3"
DRAFT (<i>engines fully down</i>)	3' 9"
HEIGHT ABOVE WATERLINE (<i>air draft</i>)	12' 0"
DEADRISE @ TRANSOM	22 degrees
DISPLACEMENT – LIGHT	41,000 lbs
DISPLACEMENT – LOADED (<i>loaded WL</i>)	47,500 lbs
DISPLACEMENT – FISH READY	51,000 lbs
FUEL CAPACITY (<i>gasoline</i>)	1000 US gal
FUEL CAPACITY (<i>diesel</i>)	100 US gal
FRESH WATER CAPACITY	100 US gal
BLACK WATER CAPACITY	38 US gal
PROPULSION	(4) Mercury Verado 600
GENERATOR	Westerbeke 15 kW
MAXIMUM SPEED	63 mph
MAX CRUISING SPEED	50 mph
FUEL ECONOMY @ 40 MPH4 NM per gallon
RANGE @ 40 MPH	400 miles

The M-53 has an overall length of 56' 6" and a generous 15' 3" beam. This shapely girl, with her long, sweeping sheer line, weighs in fully loaded at 51,000 pounds and has a draft of under 4'. The all-new twin-stepped, 22 degree deadrise hull charges hard to the grounds while keeping her occupants safe, comfortable, and dry. Powered with Quad Mercury Verado V12 600HP engines, this yacht has a top speed of 63 miles per hour at half load, with an effortless cruising speed of 50-plus miles per hour. Whatever speed you choose, the journey will be exhilarating and enjoyable.

The helm is configured with quad forward facing seating. The second row offers rear-facing seating for four and provides an ideal vantage point while socializing around the bar or trolling. The midship mezzanine bar provides a central gathering location with all the amenities. The bar and rear-facing second-row seating cabinet feature a large, centrally placed grill; four refrigerator and freezer drawers; icemaker; (2) pull-out cooler drawers; a large sink with faucet; tilt-out garbage can; and multiple pull-out drawers that offer an abundance of storage. The second control station, located on the rear starboard corner of the mezzanine cabinet, allows the captain to be "in on the action" when the bite's on. The forward area features a large settee with seating for six, and the fully retractable table makes this a versatile area for dining, sunbathing, or fishing. The integrated forward-facing lounge seating on the bow adds to the social aspect of this yacht. A removable sunshade clips onto the leading edge of the hardtop and extends forward to fasten to a set of carbon fibre poles on the bow. This shade provides reprieve from the heat and expands the usability of the bow area. The private accommodation deck below features a clean, modern space with contemporary styling and a functional layout. With accommodations for the owners including a spacious head with separate shower. This space offers everything needed to be comfortable and relaxed onboard during trips to the islands.

The M-53 standard tankage includes 1,000 gallons of gas, 100 gallons of diesel and a 100 gallons of water. The long list of features include SeaKeeper 9 Gyro; Humphree Active Trim system; Lewmar bow thruster (integrated into Mercury Joystick); four Garmin 24" displays; Hooker Electric livewell system; Spectra Watermaker; four large insulated fish boxes with integrated Frigibar Polar Cube refrigeration and Polar Cap ice machines; three transom live wells; Gemlux Bluewater outriggers; SureShade retractable rear awning; sunscreen fly over the bow; four cockpit refrigerator drawers; impressive JL Audio system; Helm air-conditioning; 15-kW generator; large lithium house battery bank; and Siren Marine security system. Lumitec Lighting with Poco controls ensure that this sport fishing yacht is all lit up for battle or toned down to create the perfect ambiance during evening social activities. You can even add an optional upper tower if you want to take your game to the next level.

Projekt Boatworks are manufactured in Gibsons, BC, Canada by Coastal Craft Yachts, and represents their exciting entry into the center console market. For over 26 years, Coastal Craft has been producing aluminum boats and motor yachts up to 65'. Coastal Craft's legendary reputation for quality, finishing, and attention to detail has positioned them as a leader in aluminum boat building in North America.

HULL/DECK/SUPERSTRUCTURE

Marine aluminum construction

- » ¼" 5086-H116 bottom plates
- » ¼" 5086-H116 transom & chines
- » ⅜" 5086-H116 side plates
- » ⅜" 5052-H32 decks
- » ⅜" 5052-H32 console superstructure
- » Resin infused carbon fibre hardtop

EXTERIOR COATINGS

- » Awlgrip® complete epoxy fairing & yacht coatings/paint system
- » Hull waterline boot stripe
- » Interlux Micron CSC antifouling paint (6 coats of Inter-Protect 2000/2001 epoxy)

INSULATION (THERMAL/NOISE)

- » Soundown® isolation vibration tiles
- » Two part polyurethane foam
- » Sound deadening battens/panels
- » Sound deadening coatings

DECK DETAILS

Fittings all in 316 stainless steel

- » (9) Gemlux 12" stainless cleats (pop up)
- » (4) large scuppers with SS grate covers
- » Gemlux BlueWater outriggers
- » Gemlux 22' carbon fiber outrigger poles
- » (23) Gemlux BlueWater rod holders (gunnel, transom and mounted)
- » (14) Gemlux BlueWater rod holder/cup holders (gunnel mounted)
- » (10) Rocket Launcher (hardtop mounted with automated swivel mount to allow awning to open)
- » Cockpit Rocket Launcher with (7) Gemlux 15* rod holders. Hinged flip up leaf extends launcher top forward and converts into table for rear facing 3rd row seating.
- » Gunnel perimeter handrails – fwd (1" SS)
- » (2) Leaning Post grabrails (1" SS)
- » (2) Helm Console grabrails (1" SS)
- » Port & starboard entry doors (31" wide, inward opening) with (2) Garelick recessed pull out boarding ladders plus sockets for drop in dive ladder
- » Gunnel Bolster leaning pad – 8" x 1½" (perimeter of gunnel)
- » Rear control console (pop up) located in rear mezzanine cabinet (starboard side). Includes Mercury Binnacle mount controls, Mercury Joy Stick & bow thruster, auto pilot control/display
- » FlexiTeek G2, colour: Scrubbed with grey caulking on all deck surfaces

- » Flexiteek cap rail (entire gunnel top)
- » Lewmar anchor windless
 - Mounted under foredeck hatch
 - 70 lb Ultra® anchor with swivel
 - 150' chain & 300' x ⅝" rope
 - Ultra anchor roller assembly
- » Bow shade with (4) removable poles (with deck sockets)

LIVE WELL(S) - INSULATED

- » (2) Port and starboard transom live well
 - 50 gallon with aquarium window
 - Solid teak lids
- » (1) Transom seat live well
 - 70 gallon located aft of transom flip down seat
 - (2) solid teak lids

FISH BOX(S) & STORAGE BOX(S)

- » (2) Port & starboard in-deck (aft deck area) insulated with chiller plates (refrigeration)
- » (2) Port & starboard in-deck (mid ship) with chiller plates (refrigeration)
- » (2) Port & starboard (bow lounge seats)
- » (2) Port & starboard gunnel deck storage boxes

SEATING/LOUNGE SEATING

Helm seating – 1st, 2nd & 3rd row seating

- » **1st Row Seating** (4) forward facing helm seats with drop bolster with armrest mounted on pedestals which are mounted on helm cabinet.
- » **2nd Row Seating** (3 person) rear facing bench seat
 - (4) folding armrests
 - Mounted on elevated full width cabinet with elevated 10" high footrest
 - (2) Fitrifrigo fridge drawers mounted beneath
 - Port side pull out drawer/tray with cooler
 - Starboard side tackle cabinet
 - Full width raised footrest with lid (storage cabinet).
- » **3rd Row Seating** (2 person)
 - rear facing bench with (3) folding armrests with cupholders
 - (2) Fitrifrigo fridge drawers mounted beneath with center pull out drawer

SEATING/LOUNGE SEATING (CONTINUED)

- » Mezzanine bar
 - Aft side
 - Control station starboard side outboard of 3rd row seating.
 - Bank of drawers located port side outboard of 3rd row seating.
- » Forward side & top
 - Sink (elongated) with two faucets (forward & aft) located in top of mezzanine bar (port side)
 - Bank of drawers located forward of sink
 - Garbage can with opening top lid and hinged pull out front located inboard of sink.
 - Kenya grill with protective lid located in center of mezzanine bar. In cabinet icemaker with top lid located to starboard of grill.
 - Bank of drawers located outboard starboard side of icemaker
- » Transom
 - 66" wide flip down bench seat with bolster backrest. GG Schmitt Seat Hardware.
 - Aft of seat is a large center transom live well (70 gallon) live well with (2) lids (solid teak)
 - Port & starboard (60 gallon) live wells (outboard of transom seat) with aquarium windows on forward side and solid teak lid.

- » Bow V-Lounge (settee with table)
 - Bolster style backrest on sides and forward end
 - Bow table on powered retractable pedestal (retract flush to deck)
- » Cabin Cuddy Deck lounger (contoured)
 - (2) flip down armrests with cup holders

CONSOLE/HELM/HARDTOP

- » One-piece curved windshield
 - (1) windshield wiper/washer
- » Side windows (port and starboard)
- » Console/cabin structure
 - Raised cuddy deck with recessed forward seat
 - 22" wide pantographic cabin door (port side)
 - Foredeck hatches (Lewmar flush mount, opening)
 - » (1) 27" x 27"
 - » (2) 22" x 22"
 - Port lights (Lewmar flush mount, fixed)
 - » (4) 26" x 8"
 - » (1) 20" x 8"

HELM/DASH

- » Flush acrylic dash panel (black carbon fiber)
- » Mercury Vessel View 902
- » Mercury dual binnacle mount controls
- » Mercury Joy Stick piloting lever
- » Mercury start/stop panel

- » Mercury tilt steering
- » Edson® steering wheel
- » (3) Garmin® 9024 displays
- » (2) Garmin VHF remote
- » (2) New wire switch panels (BocaTec)
- » (4) recessed cup holders
- » (2) USB charger outlets
- » Fusion Apollo MsRa770 head unit
- » Lewmar Bow Thruster panel

HARDTOP

- » Large top with generous coverage over side decks and cuddy deck
- » Rear support columns with opening center with recessed LED lights
- » Recessed pockets for navigation lights
- » Taco anchor pedestal & light (auto tilt down base)
- » Recessed pockets for side and aft flood light
- » Radar and searchlight mount(s)
- » Lumitec Razor mount (3 light bars)
- » Port & Starboard pocket for Gemlux outriggers bases
- » Aft pocket for SureShade awning
- » Aft overhead cabinet with mounting location for aft facing Garmin 24" display and (8) JL 8.8" speakers (4 forward and 4 aft facing)
- » Shower recessed flush into hardtop
- » Rotating rod storage/rocket launcher rack

CABIN

- » Port side entry door and stairs
- » Obeche yacht finished joinery
- » Italian lite plywood veneered panels
- » Teak plank flooring
- » “Ultra Leather” upholstery
- » Vinyl “Soft Touch” wall and ceiling panels
- » (2) overhead deck hatch with Oceanair screen/shade
- » (6) fixed port lights
- » (2) air conditioning vents
- » (5) AC receptacles
- » (4) USB outlets

SALON

- » Starboard side
- » L shaped lounge seat with (4) drawers beneath
- » Upper cabinet above lounge
- » Large fixed port light above lounge (below upper cabinet)
- » Table on powered retractable pedestal (retract flush to floor)
- » Table lowers from standard height to coffee table height
- » Lounge converts into berth
- » Wall mounted (recessed) 42" TV
- » (1) air conditioning vent
- » (2) AC receptacles
- » (2) USB outlets

HEAD & SHOWER

- » Port side
- » (1) fixed port light
- » (1) air conditioning vent
- » (1) AC receptacle
- » Vanity cabinet (lower)
 - Corian countertop and backsplash
 - Undermounted sink and faucet
 - Sink cupboard
 - (1) Drawer
- » Vanity cabinet (upper)
 - Mirrored medicine cabinet
- » Vanity faucet and soap dispenser
- » Masterflush toilet
- » Shower with glass partition wall and door. Watertight Corian “Wet Walls” on floor, walls and ceiling
 - Wall mounted mixing valves and showerhead
 - Towel (dry) locker
 - Towel bar

MAIN BERTH

- » Queen berth (60" x 80") with 8" mattress (same mattress as Indigo)
- » Starboard side upper locker
- » (3) Drawers under foot of berth
- » (3) Fixed port lights
- » (2) USB outlets
- » (1) AC receptacle

MECHANICAL EQUIPMENT

- » Westerbeke 15kW generator
 - Sound Shield
 - Centek® waterlift & water/gas separator mufflers
- » Webasto Air Conditioning
 - Salon – (1) 16,000 BTU (reverse air heat). Discharge vents in salon and head/shower (220V).
 - Helm/mezzanine – (1) 25,000 BTU (reverse air heat). Discharge vents in dash and mezzanine bar (220V)
- » SeaKeeper 9 Gyro Stabilizer (220V / 24V)

- » Racor® FG500 fuel/water filter (generator)
- » Manual bilge pump
- » (2) Z4A hull zinc anodes
- » Humphree trim system
 - 1200 MM interceptor tabs
 - Active ride
- » Air horn (dual trumpet)
- » Imtra windshield wiper/washer system
- » Frigibar Polar Cap ice machine with distribution system to supply ice to (2) aft in-deck fish boxes.
- » Frigibar Polar Cub condensing units
- » (2) Frigibar Chiller Plates (refrigeration)
- » Hooker Electric baitwell system with high speed pick up, T/H pick up, sea chest with (3) 4500 GPH pumps, manifold & plumbing
- » (4) Whale Gulper discharge pump (fish box)
- » (2) Fresh water washdown hose coil with sprayer (storage in bow deck and transom)

MECHANICAL EQUIPMENT (CONTINUED)

- » Cockpit shower (recessed in hardtop)
- » (1) Raw water washdown hose coil with sprayer (storage cannister in transom)
- » Black water holding tank (38 USG), pump, vent & discharge plumbing (overboard and dockside)
- » Dometic MasterFlush toilet
- » (2) 2" Raw water intake strainers direct coupled to a manifold with supply valves
- » Spectra Newport 700C water maker
- » Engine flush system (plumbed for dockside and onboard water supply flush)
- » Domestic water filter (in-line cannister) to filter water at galley, bar and head faucets plus icemaker)

ELECTRICAL EQUIPMENT

24V DC House & Engines

- » Lithium-Ion, 24V@600 AH (house)
- » (4) Lithium (12V) (engine start)
- » (1) AGM (12V) (generator start)
- » Victron Quattro 8 KW (12V/220V) inverter/charger
- » (2) Pro-Sine charger (start bank)
- » (4) Victron 12V/24V converters
- » ACR remote searchlight
- » 240V/50A shore power
 - Charles Isoboost transformer
 - Victron auto transformer
 - Glendinning CM & cablemaster with 100' shore power cord
- » Domestic water pump
 - Accumulator tank
- » Raw water washdown pump (high volume/pressure)
- » (4) Fish Box discharge pumps (diaphragm)
- » Lewmar side power 8" bow thruster
- » (4) Rule 2000 GPH bilge pump

- » (6) AC Receptacles
- » (6) USB power outlets
- » Imtra windshield wiper/washer system
- » Lewmar anchor windless
- » Lewmar bow thruster
- » (4) 20A Hubble Electric reel receptacle
- » Kenya Electric grill (mezzanine)
- » (4) Fitrifrigo fridge/freezer drawer (compact)
- » Frigibar Polar Cap ice machine with distribution system
- » Frigibar Polar Cub condensing unit
- » Siren Marine security system
 - Siren 3 Pro main device
 - Wireless high water sensor
 - Wireless battery sensor
 - Wireless entry sensor
 - (2) Wireless high water sensor
 - 240V AC shore power relay
 - Micro ePIR motion sensor

LIGHTING

Lumitec Lighting

Exterior

- » (12) Down lights (full spectrum light)
- » (8) Floodlights (full spectrum light)
- » (3) Razor driving light bar (white)
- » Low level courtesy lights (FSL)
- » Accent lights in rear column (FSL)
- » Navigation lights (recessed in hardtop)
- » Anchor light (mast with motorized mount)

Interior

- » (12) Down lights (full spectrum light)
- » Accent lighting (concealed) in upper valances over galley and lounge area.
- » Low level courtesy lights (FSL)

Underwater

- » (3) SeaBlaze X2 (FSL)

Poco digital lighting control with app interface

TANKAGE

- » (1) 1,000 USG EPA certified gasoline fuel tank (aluminum) with sender
 - (2) carbon cannister vent filters
 - Port & starboard fills & vents
- » 100 USG diesel tank (aluminum) with sender, deck fill and vent
- » 100 USG domestic water tank (stainless) with sender, deck fill and vent
- » 38 USG black water waste tank (plastic) with sender
- » Techtronic shower sump pump

PROPULSION

- » (4) Mercury Verado 600 (cold fusion white)
- » Mercury Joy Stick piloting
- » Mercury tilt steering
- » Mercury DTS Binnacle mount controls
- » Mercury start/stop panel
- » Mercury remote ignition panel
- » Mercury 9" vessel view
- » (4) Mercury water/fuel separator filter
- » (4) Mercury prop sets
